13 Mastermind Sudoku

[35 points]

Apply classic sudoku rules. The grey central box serves as an exemplar. The four corner boxes are compared to the central one and the result of comparison is given in the style of a Mastermind puzzle for every triplet of cells. A black dot is given for every identical digit in the same position. A white dot is given for an identical digit but not in the same position. A cross means that there is nothing in common in this triplet.

14 Set Double Block Sudoku

[80 points]

Apply classic sudoku rules. Blacken exactly two cells in every row, column and outlined box. Fill in the remaining blank cells with digits from a given set so that no digit is repeated in a row, column or outlined box. The sum of all digits between the two black cells is given for some rows and columns.
